MAY 2009 SWEATER OF THE MONTH

“April showers bring May flowers”, and we’re blooming with excitement. After 31 years we’re moving our Redondo Beach location. Not far, just down the street, but the space is wonderful and we can’t wait to share it with you. Located at 1722 South Catalina Ave, we’re right next door to the delightful Village Garden, south from our current location, on the same side of the street.

We now have room to offer more classes, a spot to meet friends, chat, and laugh. Not that we didn’t have that already, but now even more of the gang can join in the fun. We’re also closing the Torrance warehouse. We’ll be one big happy family.

Both stores promise a great environment to explore your knitting adventures. Yarn doesn’t spoil and sometimes an older project just needs an injection of

inspiration or something new and upbeat added in. Our shelves are full with the colors of summer.

Drop in...the hospitality lamp is lit.

RAMBLINGS! Just a little help for our friends! The recent increase in California Sales tax is no problem for L’Atelier clients. We want your continued business and as a result we will absorb the increase. A small something to show we care.

Art Yarns remain Karen's pick for the season. She put the **Silk Pearl** in the body in a fun openwork lace pattern, and then worked the border repeat and the sleeves in the **Beaded Pearl and Sequins**. The look is chic, European and classy for summer; reminiscent of Missoni with a hint of Dolce and Gabbana. Wear it over a tank or a T shirt, a pair of gauzy pants, or a great skirt. The beads and sequins are a subtle addition, present, but not overpowering. Choose from our color combination, or check out their website. We'll order whatever combination of color you want. We know you'll do more than one of these. Non Club: \$446.50 Club: \$330.00

DOUBLE SCOOP Summertime always allows for a bit of whimsy. Our fun pullover can be thrown on over a pair of jeans or dress it up with a soft linen skirt. We love the cable down the front and the feminine sleeve detailing. Knit it in **Porto Cervo** from *Filatura di Crosa*, **Azalea** from *Trendsetter*, and the sleeves in **Baco** from *Lana Grossa*. The fun cable detail is in **Dolcino**, again from *Trendsetter*. Spice it up a bit. You'll have a great time. Non Club: \$153.50 Club: \$115.00

BLENDY MELT *Blendies* still reign in our knitting world and what better way to connect all of our favorite manufactures. You'll love our short sleeved shell with a bit of an attitude, the sleeves are knit in 9 different yarns, blended together on a #11 needle. We've combined **Leonia** from *GGH*, **Lotus** from *Prism*, **Glimmer** from *Karabella*, **Carioca**, **Tigris**, **Semana** and **Brilla** from *Stacy Charles* and **Silken Straw** from *Alchemy*. The fit is easy and very wearable. Add our wonderful stylized jacket in *Leonia* and you have an ensemble that blooms.
