SEPTEMBER 2009 SWEATER OF THE MONTH

September always signals fall. It's the best of the best when it comes to knitting. Yarns spill off the shelves in new colors and textures. Pattern support becomes sensational and all of it makes L'Atelier happy. This is what we live for...more yarn. We know that resonates with you as well.

Fall resonates with me in a very special way. It is the gateway to a magical time of year. The air changes, the colors of the sunset become more vibrant and we are blessed with the recurrent show of fall leaves changing color and carpeting the ground in gorgeous hues. Just thinking about it makes me happy.

The stores mimic nature at the moment. Our shelves are becoming more alive and the air electric with excitement. The colors shift and shimmer and play with the senses. Yarn has long been my muse. It cheers me up, spurns me into new adventures and just plain makes me happy. I think many of you share my joy.

Stay Happy!

Jazz It Up

Old favorites make for new favorites. **Margrite Bulky** from *Karabella* is the Cat's Meow when it comes to fibers. We've used it several times, but we still love it. Our slouchy detailed jacket is the perfect place to use this luscious blend of cashmere and wool. The pocket accents and 4-color detailing jazzes up the look and makes for an absorbing knit. Non Club: \$263.50 Club: \$197.50

ROCK AND ROLL Jackets rock and knitted jackets dance even more. Our slightly off centered, pattern and ribbed stitch sweater is a must for every wardrobe. We've used *Karabella's Aurora Melange* on size 9 needles to accomplish this wonderful piece. Yes, you can make it longer, just ask for an extra skein or two. Buttons make this one happen, so be sure to ask for them, we have a great selection. Non Club: \$139.75 Club: \$104.00

WEST COAST SWING It doesn't get much better than this. *L'Atelier's* exclusive **Absolutely**, a progressive yarn of many fibers, is designed into this versatile swing shrug or jacket (depending on how you put it on). Melissa designed this awesome sweater, inspired by her adventure into LA-LA Land and several of her already wonderful pieces. This one is the piece de resistance. Add in **Muguet** by *Anny Blatt*, **Dolcino** and **Dune** from *Trendsetter* and just knit. It's fun, easy and spectacular. You won't be able to put it down. Non Club: \$355.00 Club: \$266.00
